

BEER FOR PUNKS

Aberdeenshire's Mega Microbrewery

Preiss Imports is proud to welcome BrewDog to America!

These exclusive, cutting edge selections are extraordinarily well made and exciting handcrafted entries in the beer market.

7000 years ago, a mystical and enchanting beverage was discovered. It was a nourishing foodstuff that played a pivotal role in many great ancient civilisations.

Today, in this hectic, monopolised, grey world we live in there is no longer magic to be found in this bland, mass produced, cheaply sourced and watered down concoction.

At BrewDog we believe that the magic is still there to be extracted from this drink. All that is needed is the reintroduction of passion, love, care, and the highest quality ingredients.

Everyone who shares in BrewDog's vision will be able to escape from the monotony of modern day life and rediscover the zest, sparkle and spectrum of joys provided by nature and her wares that make life worth living.

Come and join us on a journey...

**proud to be an intrepid David
in a desperate ocean
of insipid Goliaths.**

-  BrewDog was set up by best friends Martin Dickie and James Watt (both 25) and we produced our first beer in April 2007.
-  Our artisan brewery, based on Scotland's rugged North East coast is committed to making the highest quality innovative beers with the finest fresh natural ingredients.

-  Our beers are in no way commercial or mainstream.
-  We do not merely aspire to the proclaimed heady heights of conformity through neutrality and blandness.
-  BrewDog is individual and unique, a beacon of non-conformity in an increasingly monotone corporate desert.

Beer was never
meant to be
bland, tasteless
and apathetic.

PUNK IPA 6%

post modern classic pale ale

An inherently contradictory take on a classic style. This 6% IPA is light golden in colour with tropical fruits and light caramel on the nose. The palate soon becomes assertive and resinous with the New Zealand hops balanced by biscuit malt. The finish is aggressive and dry with the hops emerging over the warming alcohol.

RIP TIDE 8%

twisted merciless stout

A strong, silky smooth imperial stout with a deep, dark ruby appearance. Mocha, bitter chocolate, liquorice and dark cherry flavours prevail, before the balanced, warming and encapsulating finish.

Like the original BrewDog, this beer would never bite you but would much rather give you a lick on the face. Look Out!

Winner Worlds Best Imperial Stout, 2007 World Beer Awards

ULDDCORE IPA 9%

explicit imperial ale

This golden imperial ale rocks and it has a grandiloquent story to tell those brave enough to listen. A delicately robust malt toffee canvas is the setting for the ensuing epic. The aromatic kiwi, lychee, pine and big hop flavours kick in and leave your mouth punished and puckering for more. The addictive underlying sweet caramel and full bodied, dry finish ensure you cant put it down for long.

THE PHYSICS 5%

laid back amber beer

This opaque amber bitter is an American take on an old Scottish style. The use of various coloured Scottish malts give this beer a crunchy caramel aroma, keeping this ale true to its roots. Whilst the use of American hops provide succulent blackcurrant and plum hop flavours giving it a true transatlantic identity.

PARADOX 10%

whisky cask aged imperial stout

Uniting two of Scotland's proudest traditions, Paradox is BrewDog's killer imperial stout matured in the finest and most prestigious single malt scotch whisky casks. The whisky flavours are beautifully inculcated onto our smooth, strong stout providing a new and unrivalled drinking experience for both beer and whisky lovers.

Each bottling is a completely unique numbered edition. **Paradox is rated number 1 and 2 beer in Scotland by www.ratebeer.com**

ISLAY

Our Imperial Stout matured in specially selected casks from the Island of Islay. This process infuses all the threatening smoke, the encapsulating peat, the Atlantic essence and raw power of Scotland's most distinctive whiskies. Hold onto your hats, this is as extreme as beer gets. **Edition 009 Ardbeg 1991, Islay Cask Aged, Edition 008 Bowmore 1987, Islay Cask Aged.**

SPEYSIDE

This edition uses casks from Scotland's famous Whisky producing region along the mighty river Spey.

The maturation process results in a deceptive Jekyll and Hyde beer. All fudge, spice and citrus fruits on the nose, confirmed by the initial sip. The dark rich bitterness of the chocolate soon emerges and endures luring you ever closer to the dark side. **Edition 005 Glen Moray 1991, Speyside Cask Aged.**
